Check by

text input

☐ CSS

```
<!--Extends base template-->
{% extends "base.html" %}
<!--Content block start-->
{% block content %}
<!--Main content container start-->
<section class="container-fluid content-container px-0 pt-0">
  <!--Hero image start-->
  <div class="row no-gutters">
    <div class="col-12 contact-img">
      <div class="overlay"></div>
      <h1 class="heading-1 contact-heading text-center mb-0">{{page_title}}</h1>
    </div>
  </div>
<!--Hero image end-->
<!--Contact details and contact form start-->
```

Check

Use the Message Filtering button below to hide/show particular messages, and to see total counts of errors and warnings.

Message Filtering

1.

Warning

Consider adding a `lang` attribute to the `html` start tag to declare the language of this document.

[From line 1, column 29: to line 2, column 25](#)

emplate-->{% extends "base.html" %}<!--C

For further guidance, consult [Declaring the overall language of a page](#) and [Choosing language tags](#).

If the HTML checker has misidentified the language of this document, please [file an issue report](#) or [send e-mail to report the problem](#).
2.

Error

Non-space characters found without seeing a doctype first. Expected `<!DOCTYPE html>`.

[From line 1, column 29: to line 2, column 25](#)

emplate-->{% extends "base.html" %}<!--C
3.

Error

Element `head` is missing a required instance of child element `title`.

[From line 1, column 29: to line 2, column 25](#)

emplate-->{% extends "base.html" %}<!--C

Content model for element `head`:
If the document is [an iframe srcdoc document](#) or if title information is available from a higher-level protocol: Zero or more elements of [metadata content](#), of which no more than one is a [title](#) element and no more than one is a [base](#) element.
Otherwise: One or more elements of [metadata content](#), of which exactly one is a [title](#) element and no more than one is a [base](#) element.
4.

Error

Bad value `{{ url_for('static', filename='js/contact.js') }}` for attribute `src` on element `script`: Illegal character in path segment: `{` is not allowed.

[From line 90, column 1: to line 90, column 64](#)

script--><script src="{{ url_for('static', filename='js/contact.js') }}"></scr

Document checking completed.
